Re: Case Number 05-10868 RGS

The cable service at issue is located in a business. We are a limousine company with numerous employees that have access to a lounge area with a television for their use. We have also employed on a part time basis former employees of various cable companies.

As owner of this business I was unaware of any illegal units that were hooked up in this lounge area, since I did not spend any time in that location. As soon as I was aware the units were removed. I continue to subscribe to Comcast both cable and internet services and also continue to pay for these services on a monthly basis as I always have for approximately the past ten years.

Thank You,

John Jalbert - President
